Local Business Book Club: NEW BOOK!

"The Small-Mart Revolution, Shuman makes a compelling case for his alternative business model, one in which communities reap the benefits of "going local" in four key spending categories: goods, services, energy, and finance. He argues that despite the endless media coverage of multinational conglomerates, local businesses give more to charity, adapt more easily to rising labor and environmental standards, and produce more wealth for a community. They also spend more locally, thereby increasing community income and creating wealth and jobs. "The Small-Mart Revolution presents a visionary yet practical roadmap for everyone concerned with mitigating the worst of globalization. Read the book and join the discussion on Wednesday, July 20 starting at 5:00pm in the Office of Economic Development – Akwesasne Business Center, 447 Frogtown Road, Suite 203. Light snacks and beverages provided. Contact Mary LaFrance for more information by calling OED at (518) 358-2835 or email economic.development@srmt-nsn.gov.

Business Development Services: A SUNY Canton Small Business Development Center Rep. is providing individualized business counseling and assistance on a weekly basis by appointment.
